Dear Clients,

**RE: Equipment Imbalance Surcharge
Ex Poland to all European destinations – Reefer**

Due to an imbalance of reefer equipment in all Polish ports, Hamburg Süd is introducing an Equipment Imbalance Surcharge (EIS) from Poland to all European destinations in order to meet the growing demand for empty containers.

The amount will be as follows, payment following freight:

USD.200 per 40' RF/RH

The EIS will be effective for **all reefer cargo loaded or received for shipment on vessels with ETD as from January 18, 2021**, based on pro forma date of departure and until further notice.
